Open Call for Collaboration

Test all CATALYST tools with your own communities!

Scope

- Target : Community Partners interested in trying and testing CATALYST's collective intelligence tools
- Scope : large-scale discussions around a **pre-defined societal issue**
- Support from CATALYST to use the tools and build testing communities
- Potential funding available
- Conditions:
  - Having developed a community of users larger than 50-100 active users
  - Using a non-proprietary platform (open source)

Competition deadline: October 1, 2014

Examples of societal issues

To be debated using Catalyst tools

1. A new index to go beyond GDP
2. eGovernance of EU cities
3. The key Components of a new EU Constitution
4. New sustainable lifestyles
5. Social innovation initiatives
