**Online communities** are playing an increasingly important role supporting grassroots initiatives on **social innovation and sustainability**

Platforms go larger **larger larger larger**

How **to ensure**  
**efficient debates?**

i.e. **collective ideation,**  
**decision and action**

CATALYST partners have teamed up to  
**develop and test collective intelligence tools**  
and make them  
**available, as open source solutions,**  
**to any interested communities**

# **Use cases planned in the next months**

to demonstrate how CATALYST developments can boost local initiatives

- 
- An aerial photograph of a city, likely Brussels, showing a dense urban landscape with numerous buildings and a large, prominent molecular structure (Atomium) in the background. The image is overlaid with a semi-transparent white box containing a list of five use cases.
- 1. Social innovation**
  - 2. A new index to go beyond GDP**
  - 3. eGovernance of EU cities**
  - 4. Key components of the new EU Constitution**
  - 5. New sustainable lifestyles**

# Open Call for collaboration

Test the tools within your own community!
